ADDENDUM 1

ADDENDUM FOR AMENDMENT OF TENDER NO. NCCG/IDE/T/039/2026-2027 FOR SUPPLY, INSTALLATION, CONFIGURATION, TESTING AND COMMISSIONING OF SD-WAN, MPLS AND INTERNET CONNECTIVITY, INCLUDING ASSOCIATED NETWORK EQUIPMENT AND ACCESSORIES

The Sector has identified an error in technical requirements in the bid document. Some bidders have identified the gap and have inquired over the phone and letters seeking clarifications. Arising from this it has become necessary to revisit the bid document to make the necessary change and purge the details based on the citation given below:

- The need to purge preliminary examination for determination of responsiveness, requirement No. 27, which requires "bidders to Provide certified valid National Construction Authority (NCA) Certificate Category NCA 1/2 in Electrical Engineering Services (Must be certified by a Commissioner for Oaths)"

    - Under the requirements and technical specification schedules and scope of works contained in part II of the bid document, the eligibility criteria mandatory requirement No. 27 is not applicable for preliminary evaluation. Therefore, in view of the technical requirements, NCA Category 1 or 2 Registration Certificate is not applicable and will therefore not be considered in the evaluation process.
